Republican Silver Receid

Demonetized Silver 1873 Defeated Coinge Bill 1875 Defeated Free Coinage 1878 Republican Vote.

For. Against 23 June 25 1886 130 30 April 8 1888 93 127 15 June 7 1888 15 June 7 '90 (Senate) 25 11 March 24 '92 (Senate) 67 11 July 2 '92 (House) 111 Bland Bill.

Recapitulation

Would Not be Pledged.

Two years ago when the Republican Convention met in Virginia to select delegates to the National Convention, Mr. A. C. Cleveland was in the convention, and desired to be a delegate to the National Convention. The Silver League in this county was in existance at that time, but had not got out of party lines, so it was decided to send delegates from this county to the convention in Virginia City. The writer was one of the delegates, and happened to be placed on the committee appointed on Platform and Resolutions. Mr. Cleveland was also on that committee. Knowing that unless the Republican party made a move to ignore the demands of the East, unless they would recognize silver, the Republicans of Lyon would leave the party, we presented a resolution pledging the delegates to be sent to the National Convention to vote for no man for President whose record was not clear on the free coinage question. Many of the Republicans in the committee were members of the Silver Leagues, and the matter was fully explained to them as to how Lyon county would feel, but the resolution was snowed under in the committee, Mr. Cleveland boing opposed to it and he went as a delegate unpledged. This led us to believe that the Republicar, party of this state was not sincere when it claimed that it was a friend to the silver miner. Lyon county did exactly as we expected Hall, in second precinct of Carson City, and at she would; left the Republican ranks | the School House in Empire precinct of Em and declared her independence.

When a man of Mr. Cleveland's standing does not think enough of the State he lives in to refuse to support a party that has crushed almost the last breath of life from her, it strikes us it is poor policy to elect him to the high and honorable position of Governor, and Lyon county will have no hand in sodoing .- Lyon County Times,

Both are Guiity.

Some of our Republican friends are inclined to poke fun at the Silver party legislature for passing the constatutional amendment disfranchising the ex-Confederates living in Nevada. They forget however that the legions ture of 1891, which concected and scheme, was largely Republican. The Republican party dug the pit and the Silver party legislature fell in. That is all. Both parties, be it said to their credit, now disown their offspring and it does not lie in the mouth of either party to charge the others with its own sin.

The people will bury the amendment under an avalanche of vot s on the 6th of November and we hope for the credit of the State that the damnable scheme will never be heard of again. Vote against all of the amendments and you will be sure of strangling this one. - Elko Independent.

EDITORIAL NOTES.

Some days ago Sardis Summerfield, who is now hunting office in Reno, made some statements about | House. the Silver question at a Republican meeting, upon which editor Kelly jumped like a bat on a June bug. He proved by the most incontravertable testimony that Mr. Summerfield had been up to his old tricks, falsifying the record. When Summerfield lived in this county he lost an important case. The Judge said that his evidence, if properly authenticated, would have won the case, but it was not authenticated and he lost the case. Summerfields peculiar proclivity for neglecting to authenti, hours; every registered voter being cate his redard, seems to be the rock on which he splits. We don't think however, he will work his little joker

in Rene, while the Journal has an eagle eye on him.

The Republicans who imported Charlie Goodwin from Utah to talk on the silver question now wish that he had remained at home. They wanted Goodwin to tell the people that the Republican party had always voted solidly for silver etc., etc., etc. But Mr. Goodwin is a fair and truthful man and declined to make any such statement. His candid admissions relative to the party's past record on silver don't suit the Republican bosses and they find he is a white elephant in their hands.

If they expect C. C. Goodwin to come a thousand miles from home to lie in approval of their party they have picked up the wrong man.

The Silver party carried the State two years ago by the largest majority ever known. The principles which the party follows are still of paramount interest to the people of this State and the principles insure another victory. The Silver party flourishes in every county in the State, and the ravings of the few Republican sheets remaining indicate the desperate pass to which they realize their political organization has come. Don't throw away your vote on the sixth of November, but vote for the Silver party that is going to

The Carson News editress is much exercised over the fact that Congressman Newlands sticks his hands in his pants pockets when he addresses an audience. It beats thunder how some people find so much fault with others for doing what they cannot do themselves, - Lyon County

The Times is mistaken, it is Coffin the silent partner of the News who makes these criticisms of Newlands. Coffin objects to see anybody have his hands in his own pockets.

It has been some time since the News has charged John E. Jones with stealing anything from the State Land Office, They proved the greatest boomerang of the campaign, and were proven to be absolutely false, yet the News has never yet had the manliness to apoligize for its cowardly attack on the character of the Silver Gubernatorial nominee.
